Dean Clark’s Message:

The summer is upon us, but it is certainly not too late for students to enroll for Fall 2014! Classes begin on September 2nd.

To that end, I’d like to share an exciting update regarding BCC’s location in Attleboro. The Massachusetts Board of Higher Education recently approved BCC’s extensive application for full campus designation. The decision to grant this designation points to BCC’s commitment to Greater Attleboro where some 1,700 students took college-level courses this past academic year. As you already know, BCC has served the residents of Greater Attleboro in increasing measure for many years. Our goal remains making BCC’s Attleboro Campus a 1st choice destination for prospective college students. Over the years we’ve increased staffing levels and services for students to support our commitment to the region. Students can start and complete about a dozen different academic programs of study in BCC’s Attleboro Campus. We’re both affordable and accessible. Growing into a full-fledged campus is demonstration of our permanence in Greater Attleboro.
In what began as a much smaller operation ten years ago, now consists of some twenty staff members including a full-time admissions counselor, full-time financial aid counselor, a full-time librarian and a full-time academic support specialist and others to complement the efforts of our team. Students at BCC’s Attleboro Campus take classes days, evenings, and Saturdays & Sundays in our state-of-the-art facility which houses lecture classrooms, science labs, computer labs, a bookstore, a library and an auditorium.

Prospective students can call us today to speak with one of our staff members to get things in place for this coming September. We’re open 7 days per week!

**Taunton-Cohannet and Friedman Satellite**

The Taunton-Cohannet satellite had a GREAT GRAND opening last Spring. We are pleased to announce the increase in classroom space. With additional classroom space the College will dramatically expand its daytime offering this upcoming Fall 2014!

Taunton-Cohannet satellite overview:
- 9 of 11 Spring 2014 daytime classes ran at Cohannet with over 60 students
- 8 classes offered in the Summer 2014
- 16 classes offered in the Fall 2014

Taunton-Friedman satellite overview:
- 30 evening classes ran both Spring 2014 and Fall 2013
- In Spring 2014, 248 students were enrolled
- In Fall 2013, 250 students were enrolled

**Academic Advising**

**Taunton-Cohannet (Daytime Offerings)**

Cohannet School  
120 Cohannet Street  
Taunton, MA 02780  
(P) 508-678-2811 ext. 3147  
Hours: Monday – Thursday 8:00am – 12:00pm

**Taunton-Friedman (Evening Offerings)**

Benjamin Friedman Middle School  
500 Norton Avenue  
Taunton, MA 02780  
(P) 508-678-2811 ext. 3767

Spring 2014 Student Events

Ice Cream Day – April 16, 2014

Next Night – May 14, 2014

Hot Dog Day – May 6, 2014
Bristol Community College-Attleboro Campus (BCC) and the Attleboro Area Civil War Commemorative Committee collaborated to present a program that featured advances in science, technology, engineering, and math (STEM) driven by the American Civil War and how they are linked to 21st Century inventions and innovations. Displays and activities highlighted the arts of the Civil War era.

Many exhibits highlighted the role of aerial reconnaissance during the Civil War and in today’s war on terror. Civil War memorabilia and artifacts illustrate what was manufactured in the area including rifles, locomotives, firearms, buttons, textiles and more. Through photographs and narrative guest met Attleboro area soldiers, African American illustrators, and Civil War era women doctors, inventors, and entrepreneurs such as Dr. Mary Walker and Susie King Taylor.

The United Regional Chamber of Commerce in collaboration with Bristol Community College and Bridgewater State University sponsored an Economic Development Summit, hosted at Bristol Community College Attleboro. Representatives from the Mass Office of Business Development, Massachusetts Small Business Development Center, MA Workforce Training Fund, Mass Manufacturers Partnership and National Federation of Independent Business presented opportunities for grant funding for workforce development and business expansion.
Bristol Community College/Attleboro (BCC/A) hosted its second annual STEM (science, technology, engineering and mathematics) Workshop for Seekonk’s Dr. Kevin M. Hurley’s 8th grade students on May 28th. Due to the overwhelming response the area middle schools both 2013 and 2014 workshops filled to capacity. BCC/A’s goal is to inspire middle school students to learn about all the great opportunities available in science and technology, and get them excited about pursuing further education in math and science-related fields. There is a growing recognition that increasing our science, technology, engineering and math (STEM) workforce is essential. We need to connect students to jobs of the future by reengaging them in these important fields.

BCC is a Southeastern Massachusetts STEM Network Partner. The Southeast/Cape and Islands Regional Pre K-16 STEM network is a collaboration of schools, colleges and universities, other formal and informal educational organizations, and business and industry whose representatives are concerned with improving science, technology, engineering, and mathematics (STEM) and prepared for STEM-based careers.

Guest Speaker Peter Tarsi, Attleboro High School Physic Teacher along with 170 Seekonk Middle School students attended workshops in: Analyzing Owl Pellets, Exploring DNA, Light: Messenger of the Universe, Game Developing Skills, CSI Technology and Bug Watch.

This year’s workshop was funded by the generosity of the Attleboro Rotary Charities Foundation and BCC Science Math Division.
Upcoming Events

Manhattan Short Film Festival

This year’s Manhattan Short Film Festival, in partnership with BCC’s Resource Development office, will be held on Friday, September 26, 2014 and Saturday, September 27, 2014. Part of this fundraising effort will include some type of recognition for BCC/Attleboro’s 10-year Anniversary. Details are still under development.

Applications for BCC Foundation Scholarships begin March 1

- July 7, 2014 – Kids College classes begin
- July 2014 – Placement Testing (various dates)
- August 2014 – Placement Testing (various dates)
- August 14, 2014 – BCC/Attleboro New Student Orientation

For additional information and Summer events please contact the Attleboro Enrollment Center at 508-226-2484, or send us an email at attleboro@bristolcc.edu which is open seven days per week.
Fall Registration

Fall 2014 classes begin on September 2, 2014. Advising and registration is ongoing 7 days per week at BCC’s Attleboro campus. Call us at 508.226.2484 or email us at attleboro@bristolcc.edu for more details.

How can you connect?

Connect to a great future.

Don’t wait - you can do it this Fall at Bristol Community College.

Schedules that are flexible

- Day, evening, weekend, and online options – courses in Attleboro, Fall River, New Bedford, and Taunton
- Learn about BCC eHealthCareers at BCC/New Bedford – Hybrid onsite and online learning!

Costs that are affordable

- Financial aid is available

Connect to the people, programs, and potential of you and your world!

- More than 150 degree and certificate programs
- In-demand programs in healthcare, business, and engineering

Registration is going on now. Visit www.bristolcc.edu or email us at attleboro@bristolcc.edu.
